COMPACT CABIN

pollock Residential Elevators Inc

Compact (SM) Cabin

Compact, sturdy, and perfect for single users, this cabin is ideal for smaller spaces and can accommodate one user and a larger item like a laundry basket or suitcase.

TWIN CABIN

pollock Residential Elevators Inc

Twin (MD) Cabin

This mid-sized cabin fits one-to-two users (including humans and our four-legged friends). With a little more wiggle room, this cabin footprint is our more popular option.

LARGE CABIN

pollock Residential Elevators Inc

Large (LG) Cabin

Great for users with wheelchairs, powerchairs, smaller scooters, or a non-wheelchair user and their caregiver. Our largest cabin is a terrific choice if there is a possibility that mobility challenges can increase in the future.

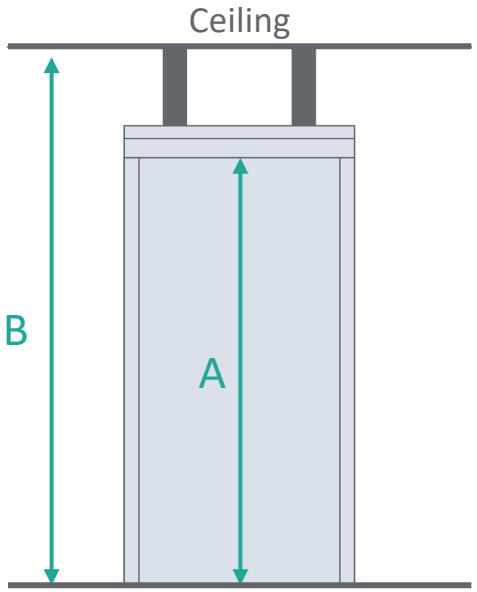

This cabin is a custom color

CABIN HEIGHTS

pollock Residential Elevators Inc

The Pollock Residential Elevator is available in three cabin heights:

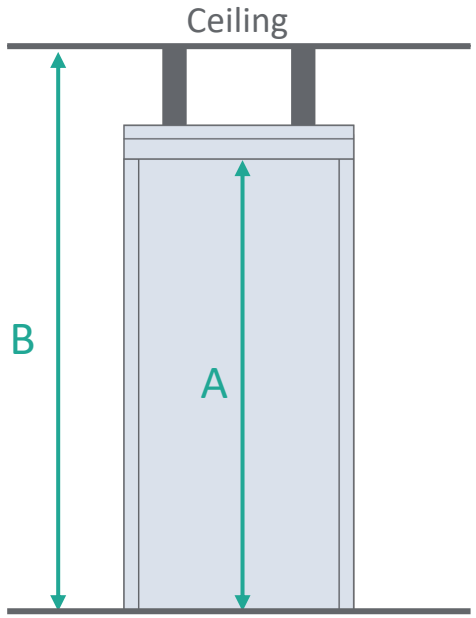

Short (Shrt) Cabin

A. Inside cabin height
70 $^{7}/_{8}$" (1800mm)

B. Min. upper ceiling height
89 $^{15}/_{16}$" (2285mm)

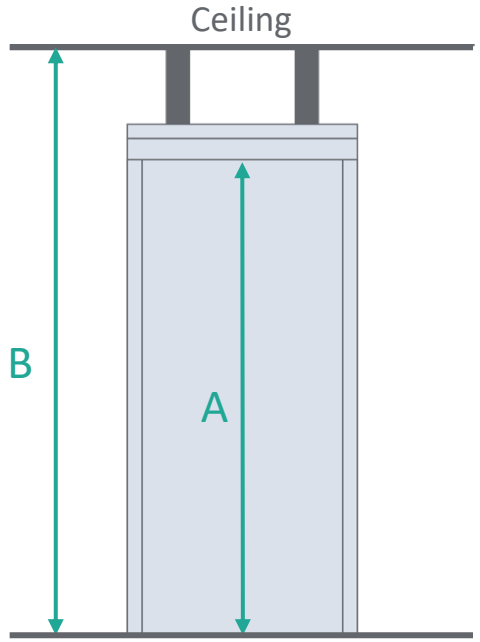

Standard (Strd) Cabin

A. Inside cabin height
74 $^{13}/_{16}$" (1900mm)

B. Min. upper ceiling height
93 $^{7}/_{8}$" (2385mm)

Tall (Tall) Cabin

A. Inside cabin height
78 $^{3}/_{4}$" (2000mm)

B. Min. upper ceiling height
97 $^{13}/_{16}$" (2485mm)
